

## Christa Slaton

**C**HRISTA DARYL SLATON is a professor of political science at Auburn University. Her research focuses on the design and utilization of technologies, institutions, and processes to broaden citizen participation in representative democracies. Her publications include *Televote: Expanding Citizen Participation in the Quantum Age*; *Transformational Politics: Theory, Study, and Practice* (with Stephen Woolpert and Edward W. Schwerin, eds.); and *The Future of Teledemocracy* (with Ted Becker).
